Bow down to the king Ayy shit could go loco
I don't care how you take it Yeah
I'm still underrated and deep down the sink
I'm grinding every day so I can get my Cuban links Yah
That's just how shit goes
Late, last time I checked I was still living broke
I make snow in the summer
Keep the heat for the cold
Like [?] kill me, I'll be bury my soul, goddamn
I'm rolling like the tiger, and I'm squatting like the hyena Uh
Diving into the pussy, oh, I love it, mama mia
I'm rolling like the tiger, and I'm squatting like the hyena
Diving into the pussy, oh, I love it, mama mia

[Chorus: Young Lama]
