Yo antya ko suruwat ho
timro ra mero maya ko
Hunthyo kaile timi mero
jivanma chayeko

Tara berthai ho
kura garnu maya layeko
Aaba juinu chha
chhuttai jivan timi bahek ko

Pida ta hunchha maan maa
eklai timi bina
Sayad kaile hune chaina
aaba hamro milana

Maan bujhauchhu sochi
yestai raichha jivana
Aandhakar matrai katai
chaina surya kirana

Timilai chahe maile
tespachi paye maile
Sangai ramaye kaile
feri gumaye aile

Sayad yestai lekheko thiyo
hamro karma ma
These are the facts baby
nabacha bhramama

Baby I used to love you
Now I really don't want you
Its like a whole right
in my heart

May be I should have told you
It felt really good
when I hold you
Then every thing fell apart

Aba timro aashu le kei
hudaina malai
Timro maya ko bhawana le
chudaina malai

Jaba saath ma thiye
timle bujhenau malai
Aba bhetaula feri arkai
juni ma timlai

In the form of a complete
stranger passing by
Look when I used to be there
for you when you would cry

but Now its goodbye baachna
deu malai
Eklai atit ka sabai kuraharu
lai bhulai

Bhanchhan mutu ko ghau
samaya sangai niko hunchha
Gahiro prem thiyo mero sayad
ali dhilo hunchha

Neither the brain or a
eyes wanna look for you
Be glad I even composed
the hook for you

Baby I used to love you
Now I really don't want you
It's like a whole right
in my heart

Maybe I should have told you
It felt really good
when I hold you
Then every thing fell apart
